Hi all -

Based on the responses I've received so far, the best time for the call seems to be Thursday, 8/17. I'd like to suggest 3:30 - 4:30pm as there are several people who requested late afternoon that day.

Subject: Portland Harbor Lamprey/Sturgeon call

Hi all -

[Sorry that some of you will be receiving an almost duplicate message but I forgot some folks]

At the Portland Harbor Managers meeting yesterday, we discussed setting up a conference call to discuss the Lamprey Ammocoetes Collection FSP as well as the lamprey sensitivity study and pre-breeding sturgeon study being developed by LWG. As well, LWG has asked its eco team to prepare a proposed schedule showing when the various lamprey and sturgeon FSPs will be submitted, when EPA discussions are needed, and when the field work should be done.

Based on yesterday's discussion, I think that the call needs to be held soon...like next week. Please respond with your availability on the following:  
Monday, 8/14 afternoon  
Tuesday, 8/15 between 11-12:30  
Thursday, 8/17 afternoon

Thanks!  
valerie
